GALLAOUI ACHREF
WEB DEVELOPER

Profile

Hello, I am a fresh graduate with a bachelor's degree in Computer Science. I am looking to develop my career in web development. I worked on different projects with different technologies and I can develop beautiful, responsive, fast and secure websites with clean and organized code, all my inspiration comes from modern websites like Facebook, LinkedIn, Google applications, Microsoft applications, ... I like to simulate their features and applied it in my applications.
